roads
new day, new town, modern
nomades
that's just their life, be in hurry to
laugh and cry
You better slow dow, you gotta

change

*it feels the same, at the first sight
nothing new, in the daylight
well there she is, the same old trap
again*

*it looks familiar, nothing strange
well from a distance, nothing has
been changed
no i wont fall down into the same
old trap*

*i no longer play this game, it' didn't
worked so well
this time i try a different way,
i rather got out and change*

*it smells like home, i've been there
